Working Income Tax Benefit

The working income tax benefit (WITB) is for low-income individuals and families who have earned income from employment or business.

The WITB consists of a basic amount and a disability supplement.

Complete this schedule and **attach** it to your return to claim the WITB if you meet **all** of the following conditions in 2018:

- you were a resident of Canada throughout the year
- you earned income from employment or business
- at the end of the year, you were 19 years of age or older or you resided with your spouse or common-law partner or your child

You cannot claim the WITB in 2018 if any of the following apply to you:

- you were enrolled as a full-time student at a designated educational institution for a total of more than 13 weeks in the year, unless you
 had an eligible dependant at the end of the year
- you were confined to a prison or similar institution for a period of at least 90 days during the year

Notes: If you were married or living in a common-law relationship but did not have an eligible spouse (defined below) or an eligible dependant (defined below), complete this schedule using the instructions as if you had neither an eligible spouse nor an eligible dependant.

If you are completing a final return for a deceased person who met the above conditions, you can claim the WITB for that person if the date of death was after June 30, 2018.

Eligible spouse - For the purpose of the WITB, an eligible spouse is a person who meets all the following conditions:

- was your spouse or common law partner on December 31, 2018
- was a resident of Canada throughout 2018
- was not enrolled as a full time student at a designated educational institution for a total of more than 13 weeks in the year, unless they
 had an eligible dependant at the end of the year
- · was not confined to a prison or similar institution for a period of at least 90 days during the year
- was not exempt from income tax in Canada for a period in the year when the person was an officer or servant of another country, such as a diplomat, or a family member or employee of such a person at any time in the year

Eligible dependant – For the purpose of the WITB, an eligible dependant is a person who meets all the following conditions:

- · was your or your spouse's or common law partner's child
- was under 19 years of age and lived with you on December 31, 2018
- · was not eligible for the WITB for 2018

Complete Step 1 on the next page.

The WITB is calculated based on the following amounts:

working income (calculated in Step 1 - Part A)

Adjusted family not income levels

your adjusted family net income (calculated in Step 1 - Part B)

Canada Pension Plan Contributions and Overpayment for 2018

Complete this schedule and **attach** it to your return to calculate your required Canada Pension Plan (CPP) contributions or overpayment for 2018 if you were **a resident of a province or territory other than Quebec** on December 31, 2018, **and** have **no earned income from the province of Quebec**.

Do not use this schedule if any of your T4 slips have Quebec Pension Plan (QPP) contributions. Instead, get and complete Form RC381, Inter-Provincial Calculation for CPP and QPP Contributions and Overpayments for 2018.

Complete the parts that apply to you.

- Part 1 Complete this part if you are electing to stop contributing to the CPP or revoking a prior election.
- Part 2 Complete this part to determine the number of months for the CPP calculation.
- Part 3 Complete this part if you are reporting employment income.
- Part 4 Complete this part if you are reporting only self-employment income or other earnings for which you are electing to pay CPP contributions.
- Part 5 Complete this part if you are reporting employment income and self-employment income or other earnings for which you are electing to pay CPP contributions. You must first complete Part 3.

For more information, see line 222 in the guide.

Part 1 – Election to stop contributing to the Canada Pension Plan or revocation of a prior election

If in 2018 you were 60 to 70 years of age, you received a CPP or QPP retirement pension, and you had employment and/or self-employment income, you were considered a CPP working beneficiary and you were required to make CPP contributions. However, if you were at least 65 years of age but under 70, you can elect to stop paying CPP contributions.

If you have **employment income** for 2018 and elected in 2018 to stop paying CPP contributions or revoked in 2018 an election made in a prior year, you should have already completed Form CPT30, Election to Stop Contributing to the Canada Pension Plan, or Revocation of a Prior Election, and sent it to the CRA and your employer(s).

If you had **only self-employment** income for 2018 and elect in 2018 to stop paying CPP contributions on your self-employment earnings, enter in **box 372** below the month in 2018 for which you choose to start this election. The date cannot be earlier than the month you turn 65 and you are receiving a CPP or QPP retirement pension. For example, if you turn 65 in June, you can choose any month from June to December. If you choose the month of June, enter 06 in box 372 because June is the sixth month of the year. If in 2018 you are revoking an election made in a prior year on contributions for self-employment earnings, enter in **box 374** below the month in 2018 for which you choose to revoke this election. Your election remains valid until you revoke it or you turn 70. If you start receiving employment income (other than employment income earned in Quebec) in a future year, you will have to complete Form CPT30 in that year to keep your election valid.

If you had **both** employment income and self-employment income in 2018 and wanted to elect to stop paying CPP contributions in 2018, or to revoke in 2018 an election made in a prior year, you should have completed Form CPT30 in 2018. An election filed using Form CPT30 applies to all income from pensionable earnings, including self-employment earnings, as of the first day of the month after the date you gave this form to your employer. If you completed and submitted Form CPT30 when you became employed in 2018 but your intent was to elect in 2018 to stop paying CPP contributions or to revoke an election made in a prior year on your self-employment income before you became employed, enter in **box 372** below the month you want to stop contributing, or if you want to revoke in 2018 an election made in a prior year, enter in **box 374** below the month you want to resume contributing. If you did not complete and submit Form CPT30 for 2018 when you became employed, you cannot elect to stop paying CPP contributions or revoke an election made in a prior year on your self-employment earnings for 2018 on this schedule. To be valid, an election or revocation that begins in 2018 must be filed on or before June 15, 2020.

I elect to **stop** contributing to the Canada Pension Plan on my self-employment earnings on the first day of the month that I entered in box 372.

I want to **revoke** an election made in a prior year to stop contributing to the Canada Pension Plan on my self-employment earnings and resume contributing on the first day of the month that I entered in box 374.

Calculation of Cumulative Net Investment Loss (CNIL) to December 31, 2018

• Use this form if you had any investment income or investment expenses for 2018.

Part 1 – Investment expenses claimed on your 2018 return

- Your CNIL reduces the amount of your cumulative gains limit for the year and may affect the allowable amount of your capital gains deduction.
- Even if you are not claiming a capital gains deduction in 2018, you should still complete this form if you had any investment income or expenses in 2018.
- Because the balance in your CNIL account is a cumulative total, you may need this information in a future year. Keep a copy for your records and attach another to your return.
- For more information, call 1-800-959-8281.

Note

If you have capital gains other than from the disposition of qualified farm or fishing property or qualified small business corporation shares in 2018, first complete Chart A on the back of this form to determine if you have additional investment income to include when you calculate your CNIL.
