Working Income Tax Benefit

For more information, see line 453 in the guide. Complete this schedule and attach a copy to your return to claim the working income tax benefit (WITB) if you meet all of the following conditions in 2017:

- you were a resident of Canada throughout the year;
- you earned income from employment or business; and
- at the end of the year, you were 19 years of age or older or you resided with your spouse or common-law partner or your child.

The WITB is calculated based on the working income (calculated in Part A below) and your adjusted family net income (calculated in Part B below). You can claim the basic WITB (Step 2) if the working income (amount on line 8 below) is more than \$4,750. If you are eligible for the WITB disability supplement (Step 3), your working income (amount on line 7 below) must be more than \$2,295. Also, if your adjusted family net income is less than the amount specified in the chart on the next page, you need to complete this form to find out if you are entitled to the WITB. If your adjusted family net income is more than the amount specified in the chart on the next page, you are not entitled to the WITB.

You cannot claim the WITB if in 2017:

Da var bava an aliaible denandent?

- you were enrolled as a full-time student at a designated educational institution for more than 13 weeks in the year, unless you had an eligible dependant at the end of the year; or
- you were confined to a prison or similar institution for a period of at least 90 days during the year.

Notes: If you were married or living in a common-law relationship but did not have an eligible spouse or an eligible dependant, complete this schedule using the instructions as if you had neither an eligible spouse nor an eligible dependant.

If you are completing a final return for a deceased person who met the above conditions, you can claim the WITB for that person if the date of death was after June 30, 2017.

Canada Pension Plan Contributions and Overpayment for 2017

Complete this schedule to calculate your required Canada Pension Plan (CPP) contributions or overpayment for 2017 if you were a resident of a province or territory other than Quebec on December 31, 2017, and have no earned income from the province of Quebec.

Do not use this schedule if any of your T4 slips have Quebec Pension Plan (QPP) contributions. Instead complete Form RC381, *Inter-provincial calculation for CPP and QPP contributions and overpayments for 2017.*

Part 1 – If you were 60 to 70 years of age, you received a CPP or QPP retirement pension, and you had employment and/or self-employment income, you were considered a CPP working beneficiary and had to make CPP contributions. However, if you were at least 65 years of age but under 70, you can elect to stop paying CPP contributions. Read Part 1 of this schedule.

Part 2 – Complete this part to determine the number of months for the CPP calculation.

Part 3 – Complete this part to calculate your CPP contributions and any overpayment of CPP made through employment. If you are reporting self-employment or elective income **and** employment income, you must complete **Part 5**.

Part 4 or Part 5 – Complete one of these parts to calculate your CPP contributions if:

- you reported self-employment income on lines 135 to 143 of your return;
- you reported business or professional income from a partnership on line 122 of your return; or
- you made an election on Form CPT20 to pay additional CPP contributions on other earnings.

For more information, see line 222 in the guide.

Complete Part 4 if you are reporting only self-employment or elective income.

Complete Part 5 if you are reporting self-employment or elective income and employment income. You must first complete Part 3.

Attach a copy of this schedule to your return.

Part 1 – Election to stop contributing to the Canada Pension Plan or revocation of a prior election

If in 2017 you were 60 to 70 years of age, you received a CPP or QPP retirement pension, and you had employment and/or self-employment income, you were considered a CPP working beneficiary and you were required to make CPP contributions. However, if you were at least 65 years of age but under 70, you can elect to stop paying CPP contributions.

If you have **employment income** for 2017 and elected in 2017 to stop paying CPP contributions or revoked in 2017 an election made in a prior year, you should have already completed Form CPT30, *Election to Stop Contributing to the Canada Pension Plan, or Revocation of a Prior Election*, and sent it to us and your employer(s).

If you had **only self-employment** income for 2017 and elect in 2017 to stop paying CPP contributions on your self-employment earnings, enter the month in 2017 for which you choose to start this election in **box 372** below. The date cannot be earlier than the month you turn 65 and you are receiving a CPP or QPP retirement pension. For example, if you turn 65 in June, you can choose any month from June to December. If you choose the month of June, enter 06 in box 372 because June is the sixth month of the year. If in 2017 you are revoking an election made in a prior year on contributions on self-employment earnings, enter the month in 2017 for which you choose to revoke this election in box 374 below. Your election remains valid until you revoke it or you turn 70. If you start receiving employment income (other than employment income earned in Quebec) in a future year, you will have to complete Form CPT30 in that year for your election to remain valid.

If you had **both** employment income and self-employment income in 2017 and wanted to elect to stop paying CPP contributions in 2017, or to revoke in 2017 an election made in a prior year, you should have completed Form CPT30 in 2017. An election filed using Form CPT30 applies to all income from pensionable earnings, including self-employment earnings, as of the first day of the month after the date you gave this form to your employer. If you completed and submitted Form CPT30 when you became employed in 2017 but your intent was to elect in 2017 to stop paying CPP contributions or revoke an election made in a prior year on your self-employment income before you became employed, enter the month you want to stop contributing in **box 372** below, or if you want to revoke in 2017 an election made in a prior year, enter the month you want to resume contributing in **box 374** below. If you did not complete and submit Form CPT30 for 2017 when you became employed, you cannot elect to stop paying CPP contributions or revoke an election made in a prior year on your self-employment earnings for 2017 on this schedule. To be valid, an election or revocation that begins in 2017 must be filed on or before June 15, 2019.

I elect to **stop** contributing to the Canada Pension Plan on my self-employment earnings on the first day of the month that I entered in box 372.

I want to **revoke** an election made in a prior year to stop contributing to the Canada Pension Plan on my self-employment earnings and resume contributing on the first day of the month that I entered in box 374.
