Canada Workers Benefit

Schedule 6

For 2019, the Canada workers benefit (CWB) replaces and strengthens the working income tax benefit (WITB). The CWB is an enhanced, more accessible, refundable tax credit, that is intended to supplement the earnings of low-income workers. As of the 2019 tax year, you may choose to include or not include tax-exempt income when you calculate the CWB. The benefit has two parts: a basic amount and a disability supplement.

Complete this schedule and attach it to your return to claim the CWB, if you met **all** of the following conditions in 2019:

- you were a resident of Canada throughout the year
- you earned income from employment or business
- at the end of the year, you were 19 years of age or older, or you resided with your spouse or common-law partner or your child

You cannot claim the CWB for 2019 if any of the following applies to you:

- you were enrolled as a full-time student at a designated educational institution for a total of more than 13 weeks in the year, unless you had an eligible dependant at the end of the year
- you were confined to a prison or similar institution for a period of at least 90 days during the year
- you were exempt from income tax in Canada for a period in the year when you were an officer or servant of another
 country, such as a diplomat, and you resided in Canada, or you were a family member who resided with such a person, or
 an employee of such a person at any time in the year

Notes: If you were married or living in a common-law relationship but did not have an **eligible spouse** (defined below) or an **eligible dependant** (defined below), complete this schedule using the instructions as if you had neither an eligible spouse nor an eligible dependant.

If you are completing a final return for a deceased person who met the above conditions, you can claim the CWB for that person if the date of death was after June 30, 2019.

Eligible spouse – For the purpose of the CWB, an eligible spouse is a person who meets all the following conditions:

- was your cohabiting spouse or common-law partner on December 31, 2019
- · was a resident of Canada throughout 2019
- was not enrolled as a full-time student at a designated educational institution for a total of more than 13 weeks in the year, unless they had an eligible dependant at the end of the year
- was not confined to a prison or similar institution for a period of at least 90 days during the year
- was not exempt from income tax in Canada for a period in the year when the person was an officer or servant of another
 country, such as a diplomat, or a family member who resided with such a person, or an employee of such a person at any
 time in the year

Eligible dependant – For the purpose of the CWB, an eligible dependant is a person who meets all the following conditions:

- was your or your spouse's or common-law partner's child
- was under 19 years of age and lived with you on December 31, 2019
- · was not eligible for the CWB for 2019

Complete Step 1.

The CWB is calculated based on the following amounts:

- working income (calculated in Step 1, Part A)
- your adjusted family net income (calculated in Step 1, Part B)

Enter this amount on line 16 in Step 2.

T1-2019

Canada Pension Plan Contributions and Overpayment for 2019

The Canada Pension Plan (CPP) was amended to provide for the enhancement of pensions. The government of Quebec also adopted legislative amendments to enhance the Quebec Pension Plan (QPP) in a similar way to the federal plan. The enhancements are funded by additional enhanced contributions beginning in January 2019.

As an employee, your employer will already have deducted the contributions from your salary and wages. The contributions consist of a base and an enhanced amount. As a self-employed individual, you will calculate your required contributions (if any) on this schedule, which will include the base and the enhanced amounts.

Complete this schedule and **attach** it to your return to calculate your required Canada Pension Plan (CPP) contributions or overpayment for 2019 if you were **a resident of a province or territory other than Quebec** on December 31, 2019, **and** have **no earned income from the province of Quebec**.

Do not use this schedule if any of your T4 slips have Quebec Pension Plan (QPP) contributions. Instead get and complete Form RC381, Inter-Provincial Calculation for CPP and QPP Contributions and Overpayments for 2019.

- Part 1 Complete this part if you are electing to stop contributing to the CPP or revoking a prior election.
- Part 2 Complete this part to determine the number of months for the CPP contributions calculation.
- **Part 3** Complete this part if you are reporting employment income.
- Part 4 Complete this part if you are reporting only self-employment income or other earnings you are electing to pay CPP contributions on.
- Part 5 Complete this part if you are reporting employment income and self-employment income or other earnings you are electing to pay CPP contributions on. You must first complete Part 3.

For more information, see lines 22200, 22215, 30800, and 31000 in the guide.

Part 1 – Election to stop contributing to the Canada Pension Plan – or revocation of a prior election

If in 2019 you were 60 to 70 years of age, you received a CPP or QPP retirement pension, and you had employment and/or self-employment income, you were considered a CPP working beneficiary and you were required to make CPP contributions. However, if you were at least 65 years of age but under 70, you can elect to stop paying CPP contributions.

If you have **employment income** for 2019 and elected in 2019 to stop paying CPP contributions or revoked in 2019 an election made in a prior year, you should have already completed Form CPT30, Election to Stop Contributing to the Canada Pension Plan, or Revocation of a Prior Election, and sent it to us and your employer(s).

If you had only **self-employment income** for 2019 and elect in 2019 to stop paying CPP contributions on your self-employment earnings, enter the month in 2019 for which you choose to start this election in **box 50372** below. The date cannot be earlier than the month you turn 65 and you are receiving a CPP or QPP retirement pension. For example, if you turn 65 in June, you can choose any month from June to December. If you choose the month of June, enter 06 in box 50372 because June is the sixth month of the year. If in 2019 you are revoking an election made in a prior year on contributions on self-employment earnings, enter the month in 2019 for which you choose to revoke this election in **box 50374** below. Your election remains valid until you revoke it or you turn 70. If you start receiving employment income (other than employment income earned in Quebec) in a future year, you will have to complete Form CPT30 in that year for your election to remain valid.

If you had **both** employment income and self-employment income in 2019 and wanted to elect to stop paying CPP contributions in 2019, or to revoke in 2019 an election made in a prior year, you should have completed Form CPT30 in 2019. An election filed using Form CPT30 applies to all income from pensionable earnings, including self-employment earnings, as of the first day of the month after the date you gave this form to your employer. If you completed and submitted Form CPT30 when you became employed in 2019 but your intent was to elect in 2019 to stop paying CPP contributions or revoke an election made in a prior year on your self-employment income before you became employed, enter the month you want to stop contributing in **box 50372 below**, or if you want to revoke in 2019 an election made in a prior year, enter the month you want to resume contributing in **box 50374** below. If you did not complete and submit Form CPT30 for 2019 when you became employed, you cannot elect to stop paying CPP contributions or revoke an election made in a prior year on your self-employment earnings for 2019 on this schedule.

To be valid, an election or revocation that begins in 2019 must be filed on or before June 15, 2021.

I elect to **stop** contributing to the Canada Pension Plan on my self-employment earnings on the first day of the month that I entered in box 50372.

I want to **revoke** an election made in a prior year to stop contributing to the Canada Pension Plan on my self-employment earnings and resume contributing on the first day of the month that I entered in box 50374.

If you had self-employment income in 2019 and have an entry in box 50374 of Part 1, enter the number of months in the year after and including the month you entered in box 50374 of Part 1
